Share your stories about accessing care at The Walton Centre

Have you been a patient or visitor at The Walton Centre NHS Foundation Trust? Join us at one of our Partnership Events.

Healthwatch Liverpool and Healthwatch Sefton - your local health and social care champions - will be joined by members of the Trust's Patient Experience Team for two online sessions:

Tuesday 8th February 2022 - 10.30 am – 12.00 noon OR Thursday 10th February 2022 - 6.00 pm – 7.30 pm

We will discuss the work that goes on at The Walton Centre, and how patient feedback can help to make a difference. You will be able to ask (non-clinical) questions, and give your own views and feedback about the services that you received.

To book your place follow the links below or call **0300 77 77 007**:
